

Porta-Stand

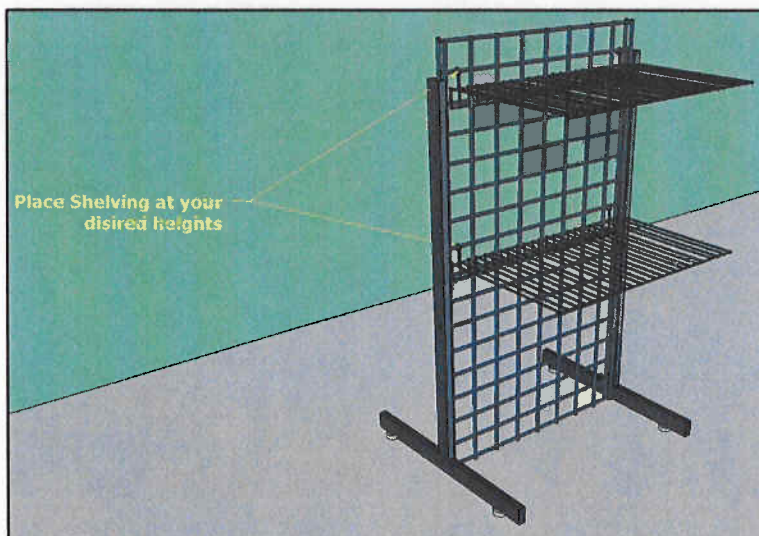

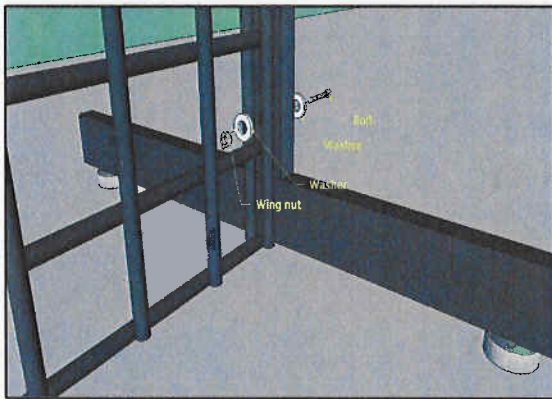

Parts List

- 1 Center Grid Panel
- 1 Set of "T" Legs
- 8 bolts, 16 washers, and 8 nuts
- 8 wing nuts added for easy dis-assembly
- 2 adjustable shelving
- 4 hooks for wires, headphones, ect

Optional: Angled shelf

Attach the grid panel to the "T" legs by using the supplied bolts, washers, and wing nuts. Extra wing nuts are included for easy dis-assembly. Put 1 washer on the bolt, then put the bolt through the holes in the "T" legs. Then attach the grid in between the two vertical grid wire, followed by another washer and wing nut. Continue until all 8 nuts and bolts are secure.

Adjust levelers on the bottom of the "T" legs if unit is wobbly

Attach shelving to desired heights

Attach 4 hooks to grid for wires or headphones
